

## Leverage Premier - Hack Squat

The Nautilus Leverage Hack Squat is an essential piece of strength training equipment, offering a controlled and effective way to build quad mass and leg strength. It isolates the quads while reducing stress on the lower back, making it ideal for both experienced lifters and beginners. Featuring a 35-degree angle for smooth, controlled movements, an oversized footplate for versatile stances, and a 900lb max load capacity, it ensures safety and versatility. Designed with easy-to-reach stops and a stable carriage weight, the Hack Squat supports safe, progressive leg training for any fitness level.
