ULTRA RUNNER PLUS 2

A MORE EFFECTIVE CURVED TREADMILL

The Ultra Runner Plus 2 not only gives you all the exercise benefits of a self powered curved treadmill, it gives you the option to add 6 levels of magnetic resistance to add higher intensity interval training.

Walk or run at your own pace then add resistance to burn more calories and add variety to your workout. Upper and lower handlebar positions accommodate all user sizes and facilitate different exercises, including sled conditioning.

Premium anti-slip TPE slats with sealed bearings create an exceptionally quiet and smooth running surface and reduce friction wear and tear. The ultimate training tool, the Cascade Ultra Runner Plus 2 is fully commercial and built to last.
